

New From LifeExec®

Enhance your LifeExec experience with our new digital education series, *Blueprint for Life* by LifeExec.

Our +20-course education program will prepare you for major and minor life events. From **Medical Emergency Planning** to **Cyber Security Protection** to **How to Recover from a Lost Wallet**, we created a program where we bring in experts to assist you in building your family's preparedness plan. Led by LifeExec's Team, you'll have access to on-demand video classes to attend at your own pace with detailed instructions, checklists and forms that provide you with everything you need to create your custom Blueprint for Life today.

Medical Care &
Pandemic Plan

Continuance

Cyber Security
Protection

Additional Courses Include: Retirement, Disaster & Evacuation Planning, Legacy Plan, Single Parent, Dependent Care, Moving/Home Purchase, Travel, Terminal Illness, Divorce, Outdoor Adventures, Newly Married, Vacation Rental, Having a Baby, Empty Nester, and New Pet/Pet Protection.

You'll Learn:

- How to build plans that can be communicated to your family during emergencies, disasters, or on a set date and time.
- How to use LifeExec to digitally store your most important documents, assets, and passwords in a secure software.
- How to organize, establish reminders, and create simple communications for the entire household.
- What important documents you need in case of an accident or emergency and how to use them.
