

# LifeExec

## Complete Life Preparedness Planning

Everyday millions of people face life changing events - medical emergencies, travel, natural disasters, or having babies. Communicating at these moments can be both critical and nearly impossible... until LifeExec. LifeExec's patented web application securely sends critical information to trusted contacts during any event helping you protect what matters most, when it matters most.

### LIFEEXEC INCLUDES:

- Secure data storage
- Secure event-based communications
- Live or self-training & support
- Instructional guides & videos
- Preparedness forms and checklists

**Protect what matters most with LifeExec.**

#### Secure Digital Vault

Store your most important documents such as insurance policies, will, estate documents, personal identification, home inventory and passwords.

#### Patented Event-Based Communication

Use our patented event-alert system to keep everyone informed during accidents, medical emergencies, planned vacations or events, and more.

#### Life Planning & Education

LifeExec offers weekly live workshops to assist our users in building their most important Plans in their LifeExec account.

#### Security

Security is always our #1 priority. With the bank-level encryption and patented online storage security, your important documents are stored safely in your LifeExec® Vault and available at your fingertips, anywhere, anytime without fear of being compromised.

# Discover How Employers Just Like You Are **Attracting & Keeping** Great Employees By Having This New **Innovative & Affordable** Benefit.

Want to provide healthcare benefits to your employees but can't afford it? Too much turnover within your hourly or part-time workforce?

Looking for ways to improve employee satisfaction?

## National Telemed Business Solutions can help.

National Telemed Business Solutions offers a true **Comprehensive** benefit at a low monthly cost with no out of pocket costs for your employees and their families

### We can help you if you:

- Don't offer health benefits to any employees
- Have part-time employees or contractors who are not eligible for health benefits
- Offer high-deductible healthcare plans (we compliment by saving employees big bucks)
- Are located in remote or rural areas and lack easy access to healthcare
- Offer insurance that does not include telemedicine

## One Low Monthly Fee Includes Family Coverage

### What's the Problem?

Employers are struggling to retain quality employees amidst the skyrocketing costs of healthcare. Few options exist for the uninsured, under insured, and even the insured, that help mitigate unnecessary expenditures associated with healthcare.

Almost 75% of all ER/Urgent care visits can be handled by a consultation with a physician

Small and Mid-Size Employer groups need practical, cost effective solutions for healthcare cost containment

Most Employers would welcome a solution for their employees if cost could be contained, and there was a **TRUE BENEFIT** for the employee.

**THIS IS A STANDALONE PRODUCT  
NO INSURANCE INVOLVED OR REQUIRED**

**NO COPAYS - NO FEE PER CALL - NO HIDDEN FEES  
NO LENGTHY CONTRACTS AND  
NO LIMIT TO THE NUMBER OF CONSULTS A FAMILY CAN MAKE**

#### General Health

Unlimited access to U.S. board certified physicians & dermatologists in all 50 states.

#### Behavioral Health

Access to licensed mental & behavioral health counselors.

#### Medical Savings

Save on prescriptions, dental, vision, labs, imaging, medical supplies and more!

#### Employee Concierge

Quick access to the right experts and resources helps you & your household to make life easier.

#### 24/7 Support

Receive help desk support whenever needed.

*"We are a startup company and we were trying to find additional benefits that might attract some more talent. With Covid-19, this product could not have come at a better time. Several of our employees have had to use it with overwhelmingly positive feedback. This is a fantastic product at a very reasonable price. My employees truly appreciate it."*
