

Discover How Employers Just Like You Are **Attracting & Keeping** Great Employees By Having This New **Innovative & Affordable** Benefit.

Want to provide healthcare benefits to your employees but can't afford it? Too much turnover within your hourly or part-time workforce? Looking for ways to improve employee satisfaction?

National Telemed Business Solutions can help.

National Telemed Business Solutions offers a true **Comprehensive** benefit at a low monthly cost with no out of pocket costs for your employees and their families

We can help you if you:

- Don't offer health benefits to any employees
- Have part-time employees or contractors who are not eligible for health benefits
- Offer high-deductible healthcare plans (we compliment by saving employees big bucks)
- Are located in remote or rural areas and lack easy access to healthcare
- Offer insurance that does not include telemedicine

One Low Monthly Fee Includes Family Coverage

What's the Problem?

Employers are struggling to retain quality employees amidst the skyrocketing costs of healthcare. Few options exist for the uninsured, under insured, and even the insured, that help mitigate unnecessary expenditures associated with healthcare.

- Almost 75% of all ER/Urgent care visits can be handled by a consultation with a physician
- Small and Mid-Size Employer groups need practical, cost effective solutions for healthcare cost containment
- Most Employers would welcome a solution for their employees if cost could be contained, and there was a **TRUE BENEFIT** for the employee.

**THIS IS A STANDALONE PRODUCT
NO INSURANCE INVOLVED OR REQUIRED**

**NO COPAYS - NO FEE PER CALL - NO HIDDEN FEES
NO LENGTHY CONTRACTS AND
NO LIMIT TO THE NUMBER OF CONSULTS A FAMILY CAN MAKE**

Receive help desk support whenever needed.

"We are a startup company and we were trying to find additional benefits that might attract some more talent. With Covid-19, this product could not have come at a better time. Several of our employees have had to use it with overwhelmingly positive feedback. This is a fantastic product at a very reasonable price. My employees truly appreciate it."
